

# ACADEMIC NEWSLETTER

## BHIMS

### FRIENDS

It is a great pleasure for us to publish the 2<sup>nd</sup> issue of the “**Academic Newsletter 2021**” of the Bombay Hospital Institute of Medical Sciences.

Our Institute is blessed with multitude of faculty members who have set very high standards in clinical and academic fields and have done exemplary work in their respective fields. The association of BHIMS with National Board of Examinations and the Maharashtra University of Health Sciences is unique and brings in top quality students who work with us.

A lot of good scientific work is generated at the BHIMS and in a large institute like ours, it becomes difficult to know about the work done in various departments. This newsletter will give information about the awards, prizes and honors, published scientific work and presentations in various meetings to bridge this gap.

Our Chairman, Shri. B K Taparia, has been very supportive and encouraging to the academic ventures and we do hope that all of us at the BHIMS continue to teach and do academic and clinical work and reach new heights.

1. I was invited as a Guest Editor for the Dermatological Reviews issue on Liposuction and Autologous Fat Grafting. It was collection of review articles on History of the procedures, Tumescant Anaesthesia, Liposuction, Autologous fat Grafting, Assisted Liposuction, Non surgical Liposuction, Non cosmetic indications of Liposuction. These articles were written jointly by dermatologists from across the world who are part of my team of experts in Dermatologic Liposuction Surgery. I am sending the references for the articles that I have contributed in.

- 2. I am writing with great pleasure that I was invited to write on Dermatologic Liposuction Surgery in the Textbook of Liposuction by Dr Anup Dhir, Plastic Surgeon, New Delhi. I am very honoured to be invited for this venture. Dermatologic Liposuction Surgery is an alternative form of liposuction that is done under total tumescent anaesthesia. This is the first time that a textbook written by plastic surgeons has a chapter of the Dermatologic way of doing Liposuction.
- 3. I would like to inform that a paper I wrote about the technique of Bilevel anaesthesia used for skin surgeries in Journal of Cutaneous and Aesthetic Surgery Journal July – Sept 2021 issue has been published. It is attribute to Prof Lawrence M Field, Father of Modern Dermatosurgery who started his journey to hinterland on 2<sup>nd</sup> October 2020. He is my mentor and guide and has played a significant role in my development as a Liposuction specialist in dermatology societies across the world.
